

🕒 half uur ⇨ half uur / heel uur ⇨ half uur

naam: _____

Two analog clocks are shown side-by-side. The first clock shows half 5 (hour hand between 5 and 6, minute hand at 6). The second clock shows half 6 (hour hand between 6 and 7, minute hand at 6). A large brown arrow above the clocks indicates a 1-hour forward jump. A red arrow below the second clock points to the minute hand. Below the first clock is a box containing 'half 5'. Below the second clock is a box containing 'half 6' written in cursive. The text '1 uur later' is written in red between the two clocks.

Two analog clocks are shown side-by-side. The first clock shows half 5 (hour hand between 5 and 6, minute hand at 6). The second clock shows half 4 (hour hand between 4 and 5, minute hand at 6). A large brown arrow above the clocks indicates a 1-hour backward jump. A red arrow below the first clock points to the minute hand. Below the first clock is a box containing 'half 4' written in cursive. Below the second clock is a box containing 'half 5'. The text '1 uur vroeger' is written in red between the two clocks.

Two blank analog clocks are shown side-by-side. The first clock shows half 2 (hour hand between 2 and 3, minute hand at 6). Below it is a box containing 'half 2'. The second clock is blank. Below it is a box containing '1 uur later' and an empty box for the answer.

Two blank analog clocks are shown side-by-side. The first clock is blank. Below it is a box containing '1 uur vroeger' and an empty box for the answer. The second clock shows half 2 (hour hand between 2 and 3, minute hand at 6). Below it is a box containing 'half 2'.

Two blank analog clocks are shown side-by-side. The first clock shows half 9 (hour hand between 9 and 10, minute hand at 6). Below it is a box containing 'half 9'. The second clock is blank. Below it is a box containing '2 uur later' and an empty box for the answer.

Two blank analog clocks are shown side-by-side. The first clock is blank. Below it is a box containing '2 uur vroeger' and an empty box for the answer. The second clock shows half 9 (hour hand between 9 and 10, minute hand at 6). Below it is a box containing 'half 9'.

Two blank analog clocks are shown side-by-side. The first clock shows half 7 (hour hand between 7 and 8, minute hand at 6). Below it is a box containing 'half 7'. The second clock is blank. Below it is a box containing '5 uur later' and an empty box for the answer.

Two blank analog clocks are shown side-by-side. The first clock is blank. Below it is a box containing '5 uur vroeger' and an empty box for the answer. The second clock shows half 7 (hour hand between 7 and 8, minute hand at 6). Below it is a box containing 'half 7'.
